

Hand Held Metal Detector

AT2009

Product highlights

- *Light weight
- *Large detection area
- *Fast detection speed
- *Anti-impaction ABS shell, falling from 1m height without damage
- *Low voltage/charging indicator light
- *Sensibility adjustable to meet different requirements

Physical Specifications

Dimension of unit:	375* 75 * 35 mm (L*W*H)
Net weight of unit:	225g, without battery
Packing:	30pcs/ctn, N.W.: 6.75kg/ctn , G.W:10.5kg/ctn
Dimension of Packing:	530 *510 * 290 mm

Technical Specifications

Operating temperature:	-15 °C to +55 °C
Power:	9V (6F22.S006P) alkaline battery ,operate voltage 7V-9V Option: 9V rechargeable battery. Charger of 9-12V
Operating current:	< 50mA ;Operation frequency: low
Frequency	Around 25Hz
Alarm:	Video LED & audio/ video LED & vibration
Sensitivity	Adjust knob
Sensitivity level:	Pin 30-60 mm;One-yuan coin 75-100mm;20cm knife 160-180mm;64 pistol 180-195mm
